

iDonate Tap - User Guide.

Follow the steps below to set up the iDonate Tap app and start accepting donations.

Requires Android 11+ and NFC

Getting Set Up

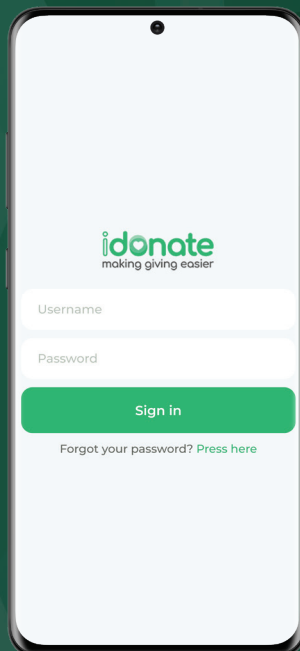

Download

On your Android device, open the Google Play Store and search for "iDonate Tap".

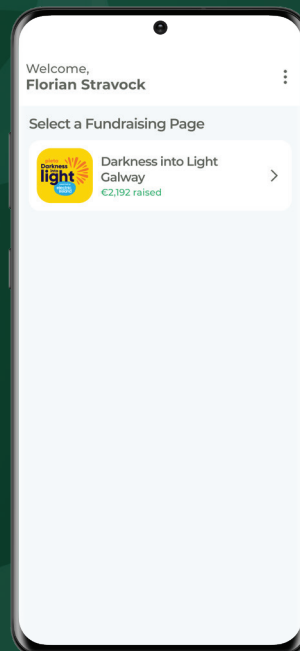

Currently available on Android only.

Coming soon to iPhone.

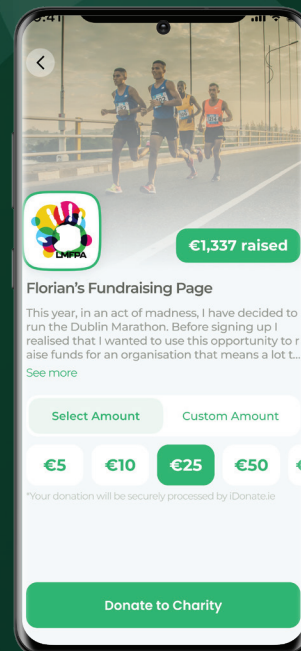

Login

Enter the email address and password that you use to log in to your iDonate account.

Select Page

Choose the page you would like to accept the donation from, if you have access to more than one.

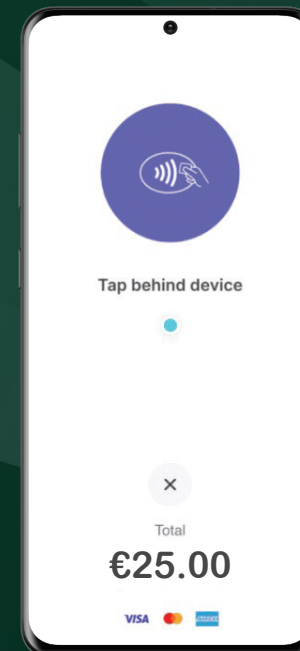

Select Amount

Let the donor choose how much they would like to donate using the presets, or by entering their own amount.

Most cards have a €50 limit. Most phones have no limit.

Taking Donations

Donate

Let the donor hold their card or phone against the back of your phone.

The position of the NFC logo roughly indicates where the antenna is.

Receipt?

Ask the donor if they would like a receipt.

If they say yes, enter their email and it will be sent to them immediately.

We're here to help.

If you're having any issues, please don't hesitate to contact us.
